### INSIDE INFORMATION ON CANADA'S SOLDIERS

What does a typical Canadian soldier look like? What did he do before the war? What are his favourite sports and recreations? How does he think? Why did he enlist? Where is he from? Is he planning to return whence he came after the Armistice? This and a dozen other questions have been answered after an exhaustive search through Army files.

The typical soldier of Jack Canuck stands 5' 9", weighs about 154 lbs., has black hair with a suggestion of a wave in it. His eyes are either brown or blue, and he smiles often. He gripes now and then, but carries no grudges.

Before the war he was most likely a miner, store-clerk, or office-man. He is a rabid sports-fan, loving his hockey, baseball, bowling and cribbage. He likes music between classical and low jive. And he goes for Humphrey Bogart, Jimmy Cagney, and Hedy Lamarr. He is fond of dancing, and is partial to slim brunettes, not too tall. Incidentally, he says he doesn't care if they wear velvet or chiffon. He'll love 'em through thick and thin.

He ponders a lot on the post-war period. Being either engaged or married, he has responsibilities. He'd like to think that he'd have a steady job to go back to—with a future. Preferably he'd like to be his own boss. Above all, he'd like to be employed in a vocation of his own choice, not one of circumstance.

He likes a drink now and then, and smokes moderately. He likes to worship as he chooses and express opinions on what goes on in the world freely. He would like the post-war government to be more of the people, for the people, by the people. He, personally, would not want to be in politics.

He has been in the Army three years now and wears two stripes and rates a tradesman's badge and pay. He enlisted because he figured there was a job to be done. He'd like his kids to grow up in a world not dictated by some jackass paper hanger.

He reads more since he is in khaki than

when he was a civvy. He goes for action fiction and books written on the battlefronts by war correspondents. He rates "They Were Expendable" as a highlight.

He has learned a lot about Canada since his enlistment. He has seen parts of his country he never knew existed before. And he has a better perspective. To him has come the giant knowledge of the fellow next door. That he too is human regardless of color, race, or creed. And he means to make up for a lot of pre-war prejudices now garbaged.

From his comrades in arms he has learned the multiple-sided story of our existence. Coming from a medium-sized town himself, he knows now the woes of the farmer and the city-dweller. He has seen life and death, courage and despair, tragedy and humor. He has found wisdom.

To our soldier has come the lore of the value of home and security, and the richness of regular living. He wants to have his own home, his own garden—so many dreams has he that his fingers will work.

He is going to be a great citizen is this son of Jack Canuck when Victory is ours. He'll have understanding, temperance, loyalty, and above all—a warmer feeling and love for his fellow-man, which is, we know, the stuff of which great nations are made!

### TRIBUTE TO OUR WAR CONTROLS

While Canada's price and wage ceilings and other wartime restrictions are under heavy pressure from several quarters and the target for a gathering volume of abuse, there is a vast army of onlookers across the border who are looking this way with admiration and even envy.

The great majority of the Canadian people, more concerned in the successful outcome of the war and preservation of the country's economic and financial stability than in furtherance of selfish personal aims, are loyally accepting restrictions of various kinds at the price of a winning war effort. Unfortunately, they are less vocal than the dissatisfied and the troublemakers who desire to win the maximum benefit for themselves regardless of other interests.

Outsiders may have a clearer vision. In any case the following statement by the Enterprise, a Minnesota daily, should be of interest to all Canadians:

"It is suggested that the national administration send to Canada for copies of the laws and rules which seemingly are taking the Dominion through the harried war days in a stride which has increased respect for law and order, and accomplished the objective of maintaining the national economy on a sound and stable footing. Canada gets much of her gasoline from the United States, yet the rationing is more generous than here. Canada has kept the cost of living low, yet no fantastic point system governs the distribution of food. Indeed, common sense regulations applied by a government which feels an obligation to all of the people happen to be the key to the success with which the brethren to the north hold the line on the home front."

## WOULD STOP SPEEDING, DOUBLE GRIMSBY HYDRO SYSTEM HAS PARKING ON THE PARK ROAD BIG REVENUE FOR 11 MONTHS

Erection of New Post Office Has Changed Traffic Conditions At The Beach — Rink Question Before Township Council Again.

### FINISH YEAR'S BUSINESS

Reeve Durham Will Again Be a Candidate For The Reeve-ship — Other Members Express Like Intentions.

Last meeting of the year for North Grimsby Township Council, on Wednesday afternoon, was a very quiet session. Routine matters in closing up the business for the year was all that was on the docket.

Reeve Durham announced that he would again be a candidate for the Chief Magistrate's position. Deputy-Reeve Geo. Crittenden expressed himself likewise. Councillor M. S. Nelles will again be in the field for a seat around the council board as will Councillor Mitchell. Councillor Cowan was absent on a court case.

Since the erection of the new Post Office building, on the east side of Park Road at Grimsby Beach, it has been deemed advisable, stated Deputy-Reeve Crittenden, to do something regarding the speed that automobiles are driven on this road and the parking problem in front of the Post office. It is a county road and the County Road Engineer will erect signs in front of the building prohibiting double parking. A by-law will be prepared for submission to the Ontario Department of Highways, to have the speed limit on this road reduced to 30 miles per hour.

Major and Mrs. Harry F. Baker wrote council re the terrific erosion of land at the end of Baker's sideroad, by the lake. It seems that a small pier erected at this point by a Mr. Parker has caused the water to take a much greater toll of the land, to the west, than would otherwise be the case. Clerk Allan was instructed to write the Department of Public Works, Ottawa to see if a permit had ever been granted for the erection of this pier.

Considerable discussion took place as to the operation of a central skating rink in Grimsby for the school kids. Reeve Durham and Councillor Nelles were of the opinion that council should assist in the construction and operation of rinks at the Beach and Hager's schools, believing that two rinks would be more satisfactory than a central one in Grimsby. Councillor Mitchell disagreed with that.

There are 1186 resident of North Grimsby, appearing on the Tax Collectors' roll as owners. This is 186 over the number required for (Continued on page 12)

### Brothers Overseas

When Heinie takes a look at the two husky young Canadians in the above picture, he will know that his dream is sealed. They are an ideal type of Young Canada. Both are footers and weighing over 200 lbs. They are Sgt. Leonard (left) Rumery and Sgt. Joseph Rumery. They have been overseas for nearly three years with an Anti-Aircraft Battery and are now in Sicily. Mrs. Leonard and their little son and daughter reside at Grimsby Beach, while Mrs. Joe and their two little daughters are residing in Grimsby.

### CARDBOARD LINERS WILL BE USED FOR FRUIT PROTECTION

Experiments The Past Season Show That New Method Prevents Peaches From Being Banged And Bruised In Shipment.

#### STILL USE LENO

Many Questions Discussed By Fruit Growers In Session At Grimsby — Will Store Baskets To Assist Manufacturers.

To expedite packing of fruit, particularly peaches, and to protect fruit from bruising, growers in the Niagara Peninsula will use corrugated cardboard "liners" next summer, it was decided at the annual meeting of the Niagara Peninsula Fruit Growers' Association held Thursday afternoon at the Masonic Hall. About 150 attended the 2½ hour meeting.

"Liners" are about four inches in depth and are placed on the first layer of fruit so that the top layer which extends above the rim of the basket is protected from being squeezed and banged in handling. The liners extend around the inside of the basket and about two inches above the rim of the basket.

Growers were told by President Ernest Culp, Vineland, that in experiments conducted last summer 91 per cent of consumers who received baskets protected by the liners expressed their approval of (Continued on page 7)

### Would Raise Pay Of County Jailer

County Council Believe That John Dundas Should Have More Money—Taking Question Up With Provincial Secretary.

A grant of \$1,000 was made to the Lincoln County Federation of Agriculture by Lincoln County Council on Tuesday. This makes a total of \$2,000 granted to the Federation by the council this year for agricultural work. Council raises one-fifth of a mill on the county rate and ear-marks this money—\$2,500—for the Federation, which asks for grant as they need the funds. This system of financing the federation instituted by the council last year, has since been adopted by many other councils in Ontario.

A grant of \$25 was approved for the Lincoln County Trustees and Ratepayers Association following a request from W. A. Marshall, county public schools inspector. The money will defray the costs of holding the association's open meeting at Victoria Hall, Vineland, this Thursday when prizes will be presented at a public school oratorical final.

Council decided to press the matter of securing an increase in salary for John Dundas, jailer at the county jail. Permission for the increase has been refused several times by the provincial secretary's department, and considerable correspondence has resulted. Council authorized the sub-committee of the General Administration Committee, and County Clerk W. H. Millward to go to Toronto to interview the proper authorities to secure the raise.

The resolution of Simcoe County was endorsed, asking the government to clarify the grades and price schedule on small seed.

### Engagement

Mr. and Mrs. Wm. Robertson of Grimsby, announce the engagement of their third daughter, Audrey Alberta, to Harold King Atkinson, eldest son of Mrs. Mona Atkinson and the late George Wesley Atkinson, of Hamilton. The wedding to take place February 5.

According to what Sergt. "Bill" Rooker writes in the accompanying letter to his mother, Mrs. Ted Rooker, Ontario street, it is not very likely that the old Peach Bud defenceman will choose Italy to settle down in after the war. My Dearest Mother, Dad and family:

### Canada's Oldest Dentist Passes

Dr. Solon Woolverton, Native Of Grimsby, Dies At His Home In London, at The Age Of 97 Years.

A native of Grimsby, the oldest graduate dentist in Canada, passed away at his home in London, on Thursday night last at the age of 97 years, in the person of Dr. Solon Woolverton.

Dr. Woolverton was the last of five brothers, a son of the late Jonathan Woolverton, the first man to grow peaches commercially in Canada.

He was the first student to receive a diploma from the Ontario

He practiced his profession for close onto three-quarters of a century. He and Mrs. Woolverton, who survived, celebrated their 70th wedding anniversary, last fall, at which time they received a message of congratulations from Their Majesties, The King and Queen.

Deceased was an uncle of Mrs. Hamilton Fleming and Harold C. Woolverton of North Grimsby.

Funeral services were conducted on Saturday afternoon last in St. Andrew's Anglican church, Rev. J. Allan Ballard, officiating. Interment taking place in St. Andrew's graveyard.

Casket bearers were William and Walker Drummond of Water-

down; Arthur Smith of Vineland; R. O. Smith, Harold Woolverton, and Norman Nelles of Grimsby.

### FRUIT BY AIR

New York, Dec. 13 (AP).—Colonial Airlines announced ing boat, the Mars, largest heavier than air craft in the world, has completed its first war mission, setting new records in a flight to Brazil, Trinidad and Bermuda on which, at one stage, it carried as much as 35,000 pounds of critical war materials, Secretary of the Navy Frank Knox announced today.

Mr. Knox declared that the Mars "shattered all existing records for cargo transportation and over water flight." In all, the Mars, whose enormous, two-deck hull has the capacity of a 15-room house, flew 8,972 miles in 55 hours and 31 minutes flying time, averaging 161 miles an hour for the entire time in the air, and on some jumps carrying cargo at an average speed of 177 miles.

New York, Dec. 10 (AP).—Colonial Airlines announced plans today for a postwar flying-wing type freight plane capable of carrying a 40-ton payload of refrigerated food at the low cost of 8 cents a ton air-mile.

Prenamed an "ice box", the plane will be constructed by the Canadian Car and Foundry Co., Ltd., from plans developed by V. J. Burnelli, New York inventor.

A lateral loading device will permit 2½ ton containers to be lifted directly from trucks into the plane in much the same manner as block-busters bombs are loaded into raiding planes.

If the Mars can fly that amount of tonnage, that distance, in that space of time, then The Peach King, to be, can do the same thing, and more.

Instead of war materials, it will be berries, cherries, peaches, pears, plums and grapes, from the fertile orchards of the Grimsby district. The finest fruit in the world for the world's epicureans. It can be done. It will be done.

### Cigarette Fund Needs More Help

Have You Purchased a Ticket On The Doll House — Artificial Flowers Finding a Ready Sale.

Have you purchased a ticket on the Doll House, on display in Mill-yard's drug store window. It's a swell little house and will make some little girl happy on Christmas morning.

Tickets are only 15 cents a piece or two for a quarter, so you better hurry up and get your supply.

All funds derived from the sale of tickets on this house go to the Cigarette Fund, so even you do not want the house you will be helping to send cigarettes overseas when you buy a ticket.

"Cammy" Millyard reports that collections for the Fund have been very good for the month of November. Down at Grimsby Beach a lady by the name of Mrs. Wm. Clarke has been making artificial flowers which are being sold through the store of Fred Jewson and all returns go to the Cigarette Fund. In November \$6 was realized from the sale of these flowers. They can be purchased at any time at the Jewson store.

Detailed statement for November is as follows:

Stores boxes	\$36.03
Salvage Committee	25.00
Cauliflower Raffle	5.10
"Scotty" McKay	10.00
A. S. Mountain St.	5.00
S. H. Brantford	1.00
A. N. Main East	1.00
Bridge Club	2.40

Mrs. C. Beach	6.03
	\$92.

### Judge Sustains Young Assesment

County Judge J. G. Stuart Stanbury, sitting on the appeal of the property assessment of Howard Young, 85 Main street east, sustained the assessment as made by Assessor E. J. Muir.

This was the only appeal against assessment for 1944, and was disallowed by Court of Revision, hence the appeal to the County Judge.

### Lions Club Shows For The Kiddies

Two Showings Of Pictures Will Be Made At Moore's Theatre On Thursday Afternoon Next.

Next Thursday afternoon is the big day in Grimsby and district for the school kids. It is Lions Club matinee at Moore's Theatre, for all the youngsters in the district.

Mrs. Moore has arranged for a special series of pictures and there will be two showings of them in order to accommodate all the kids.

The first show will be at 2:30 for the children of Grimsby schools, Hagar's school and the Beach School. The second show at three o'clock will be for the kids from Calder School, Grimsby Centre, Upper Thirty, Grassies, Winona, and Alway.

Tickets, showing the time of each show, have been issued by Lion Orval Eickmeier and his committee and there is not much doubt but that the theatre will be packed at both showings.

### Christmas Seals Are Selling Well

Mesdames Thos. Gammage and Harry Farrell, who have charge of the promotion and sale of Christmas Seals, to assist in the Battle of Tuberculosis, report that their efforts are being well rewarded this Christmas season.

Collections from the sale of seals for the first three weeks of the campaign total \$198.75, as against \$157.55, for the same period in 1942.

It is not necessary for citizens who receive a package of seals to purchase them all, at a cent a piece, but they can purchase what amount they wish and return the balance of the seals with their money.

### Winter Begins

On Wednesday, the 22nd, the sun enters the sign Capricorn at 12:30 noon, when the winter commences. There is no change in the length of the day for days.

Shows a Surplus of \$15,297— Purchased \$7,000 In Victory Bonds — Debentures Of 1958-61 Being Cleared Off.

### CHEAP PUMPING COSTS

Council Defeats Motions To Pass Bylaws To Give Remuneration To Hydro And Water Commissioners — Last Meeting Of Year.

Grimsby Hydro System is in a most healthy state, financially, according to figures given to Town Council at their last meeting for 1943, last night, by Mayor Edric S. Johnson.

Revenue for the 11 months ending November 30th was \$47,018.39. Operating expenses, depreciation, sales taxes, etc. totalled \$31,721.25. Thus leaving an operating surplus of \$15,297.14, which less 1943 debenture leaves \$9,714.46.

Victory Loan Bonds purchased amounted to \$7,000. Prepaid debentures of the years 1959-60-61, amount to \$17,426.88. The 1958 debenture amounting to \$5,367.98, will be paid.

His Worship also informed council that despite the large amount of water that is being pumped by the Waterworks system, the cost of power for same, only amounted to one and one-third cents per 1-000 gallons.

Clerk G. B. Bourne read a letter from ex-Reeve Major Vance Farrell, C. D. C. overseas, also a Christmas card, from him.

Councillors Anderson, Alton, Baker and Inglehart announced that they would not accept any council fees for their services this year.

Mayor Johnson thanked the members of council, the clerical staff, the outside workmen and the Press for their good work and hearty co-operation throughout the year just closing.

A card of thanks was received from Mrs. A. G. Boulter and family of Smithville.

Building Inspector Jack Newton reported to council that a resident of Livingston avenue had constructed a building without a permit and that he had ordered the same removed. Council endorsed his action.

During November 10,024,000 gallons of water were pumped at the pumping station; average per day 334,133 gallons; biggest day, November 18, 417,000 gals.; smallest day, November 28, 198,000 gals.; increase for month over 1942, 686,000; increase in average per day, over November, 1942, 22,867.

Water Commission power bills were, November 1942, \$166.66; October, 1943, \$165.87; November, 1943, \$171.44.

Mayor Johnson reported that a (Continued on page 12)

### Entertainment Posters Are Out

No Bill Or Show Card Advertising Entertainment Where Admission Fee Is Charged Can Be Displayed.

In the new regulations governing paper stocks and the printing of same, which come into force on December, many lines are affected. These regulations not only cover the printer but also the purchasing public, in certain respects.

One item that must be borne in mind by individuals and organizations is the one governing hand bills, posters, show and window cards. A printer can not print one of the mentioned items where an admission fee is charged for the dance, entertainment or other public amusement.

Furthermore, no person or persons shall display or cause to be displayed any poster or show card advertising an amusement, where an admission fee is charged, except on or in the building where the amusement is to take place.

This means that it is just as illegal for to display a hand-made poster or show card as it is for the printer to print one. Bear this fact in mind.

## BREVITIES

### EVENTS and TOPICS of the WEEK in TABLOID .....

Lions Club next Tuesday night.

Warden's banquet, Friday night.

Water Commission meets next Tuesday night.

Next Tuesday is the shortest day in the year.

Are you buying Christmas seals to help combat T.B.?

Township Assessor Gordon Metcalfe is confined to his home with illness.

The stork made 128 visits to St. Catharines in November, setting an all-time record for births in that city.

It is now officially announced that there will not be a C.C.F. slate in the municipal elections in St. Catharines.

Owing to the Christmas rush, the Red Cross room in the Post Office will be closed from Dec. 20th to the 25th.

There has been a considerable amount of petty thieving in the east end of the township, below the mountain, recently.

The death occurred in St. Catharines on Friday last of George Metcalfe, for over half a century a resident of Grimsby and North Grimsby, at the age of 83 years.

The old brick church at the top of the Thirty Mountain, which has not been used for several years, has been sold to Wm. Clarke, who will convert it into a dwelling house.

Fire department had a run to the home of Cecil Book, 19 Robinson street south, on Saturday evening. Sparks from a gas heater chimney was the cause. Damage slight.

Davey Thomson calls on the telephone to say, "It is not the fact that it is only seven days to Christmas that makes me happy. It is the fact that it is only 15 weeks till spring that brings joy to my heart." Davey is an optimist, no less.

Within the next 10 days 446 tons of British Columbia fruit will be shipped to Eastern Canada for jam making. The British Columbia fruit will consist of 236 tons of raspberries, 109 tons strawberries, 60 tons loganberries and 50 tons blackberries.

Provincial police of the Grimsby detachment are investigating the disappearance of a team of horses and a spring colt from the farm of Fred Dunda in North Grimsby township. Inquiries throughout the district have failed to reveal any trace of the animals.

Uncle Sam's boys in Alaska will this Christmas eat plum pudding made in Burlington. The Burlington plant of the Canadian Canners have just completed the making of some 5600 fine, delicious plum puddings, and they are now on their way to the United States forces in Alaska.

Burning rushes along the creek at the foot of Maple avenue gave the fire department an hour's hard work Friday afternoon. High wind, which came up after the rushes had been set alight, spread the fire up the creek bank till it was dangerously close to houses in the vicinity.

Post office officials in Canada point to shifts in population unprecedented in Canadian history as responsible in large part for the tremendous increases in Christmas mail each year. Thousands of Canadians though moved all over the map have been keeping in touch with their friends with cards and letters swelling mails already swollen by millions of letters and cards for soldiers, sailors and airmen.

### Judge's Court Of Revision

Notice is hereby given that a Court will be held, pursuant to the Voters' List Act, at the Council Chambers, in the Town of Grimsby, on the 18th day of December, 1943, at Two o'clock in the afternoon, for hearing all complaints made against the First and Second Parts of the Voters' List for the Township of North Grimsby for 1943.

THOS. W. ALLAN, Clerk.  
Grimsby, December 11, 1943.

The R. C. A. F. movie, showing with full sound effects, of outstanding war films, including the Battle of Britain, will take place in The Upper Thirty schoolhouse, S.S. No. 6, North Grimsby, on Friday December 17th, at 8 p.m. The showing is free and the adult public is welcome.

S.R. and Mrs. Letson who sold their property in North Grimsby last summer have purchased the brick house and property at 6 Livingston avenue, from Mrs. Bert Merritt, and will occupy it as soon as the present tenant H. V. Betzner gets moved into his newly acquired home on Kidd avenue.

Alf. Lafage, Cities Service Garage, is de-eneing, widening and lengthening the greasing pit. John Stadelmier is doing the work and says, "If I had ever known that I would have to take this concrete out, I would never have put it in like I did." Typical Stadelmier work. None of it ever fell down yet.

Flying Officer Livingston Foster, R.C.A.F. overseas, went skating in London and met L.A.C. "Bill" Gledhill Cavorting about on the steel blades. "Cap" says that "Bill" is now a six-foot-two-hundred-pounder and a swell looking fighting man. This is the first time the two have seen one another since their High School days. We won't be able to call him "Little Dynamite, The Second," any more.

Remember Jack MacDougall of Grimsby Beach, the long legged boy who closed up his sign painting business in town to enlist? He is now a Corporal in the R.C.E. In a letter to The Independent he states that he sees Corp. Johnnie Farrell quite often and that a few weeks ago spent a weekend with Johnnie and Major Vance Farrell. Jack wants to be remembered to all his old friends and pals in this district and sends Christmas Greetings.

We stand corrected. Last week "Away Back When" told about the early days when Dr. Curemold sold Kickapoo Indian Bitters. Our highly respected citizen "Sandy" Globe comes to the surface with the fact that what the Doctor was peddling was Kickapoo Indian Sagwa (whatever that means). He says he has very vivid recollections of those halcyon kid days, and I wouldn't be surprised that he received many a tanning for surreptitious visits to Farmer Jones' apple orchard.

Lincoln county lost a most valued citizen on Thursday night last when death claimed Richard Clark, O.B.E. of Merritt, in his 89th year. Deceased had only retired from public office on March 15th last, after 58 years of service as clerk-treasurer of The Paper Town. He was also for half a century Chief of the Fire Department and for many years was Superintendent of Water Works, Collector of water rates and Secretary of the Board of Education. A tremendous amount of work for one man to handle, but he did so and very capably. Throughout the province he was looked upon as an authority on Municipal Law and many clerks and municipalities consulted him on knotty points.

Science nowadays appears able to give a man most everything except brains.

TO YOU . . .

Our wish for you is that you will eat so much Christmas dinner that you'll be STUFFED — so full you'll be able to do nothing but sit and wish us as Merry a Christmas as we wish you. And may your New Year be a happy one.

## Merry Christmas

As another Christmas season approaches, we wish to extend holiday greetings to one and all. The same old wish — A Merry Christmas and a Happy New Year are still the best words in which to extend this old — yet new — wish.

We also wish to thank our many friends and customers for their valued patronage during the year just closing.

Give the troops a break—please do not travel during week-ends. This applies especially to shoppers, children, and non-essential travellers. Be home by 8 p.m. on Sunday nights because after that time the troops have priority and no extra buses will be available for civilian passengers. Please cooperate to avoid congestion.

Perhaps we could get home if they DIDN'T TRAVEL ON WEEKENDS

## CONTINUATIONS

From Page One

**SGT. BILL ROOKER** ball game, and I had my shorts on and was warm all the while. We have a unit league, 4 teams in it, and the games are pretty even too. We just squeezed out a 16-15 win today. The Col. and Major started the game, and it was really a good game to see, all the way through, so they tell me. I was out in the left field position all the time.

I've never heard from you in ever such a long time, although your very welcome smokes are getting over O.K. Long time on the way though.

The scenery out in the hills and country are very much like Canada's, when we were travelling down to Halifax a long while ago, seems like the same place out here. The towns etc. are dirty, filthy, smelly places, and I would rather be away out in a field, under the stars than around one of them. The people live like a bunch of heathens to what our living standards are like. They have sores and lice on themselves, we can see almost anytime the Mother at work on the children's head, getting the lice out.

Also they sit out alongside their humble homes and feed the baby by the old established method, as if we had never been around. Yet it's funny, they are sincere Catholics, and they haven't half the bad habits our race of people have gotten into. There is gallons of Vio (Wine) around, and yet I've only seen one drunken Wop.

The Church bells are continually chiming and even up on top a lonely hill or away in the country, you will run upon a lovely Virgin Mary and a Crucifix, where even the old Mountaineer, or lowly farmer can kneel down and do his share of worshipping.

Now you may have some idea of what these poor bewildered Italians are like. I'm still very much against any of them though. They knocked a lot of our boys down for keeps out in Africa, and in Sicily fought fairly good for awhile.

We have a radio in our Mess, and we can hear a few good tunes now and again, also the news from London every night.

I'm afraid I must say Cheerio for now, I'm sending you a small Christmas card, which one of the boys tried to make, they are all we can hope for out here. So for now, Cheerio, Good Luck, and God Bless you all.

Your Son,

BILL

**CARDBOARD LINERS** the new packing feature. The liner does not prevent the basket being covered by leno.

Liners displayed at the meeting were a natural yellowish color, but it is proposed to have them made for next season in various colors to enhance the appearance of the fruit.

On the recommendation of the nominating committee comprising H. L. Craise, Port Dalhousie; C. Lewis, Winona; and Howard C. Fisher, Queenston, the following directors were appointed for the association in 1944:

Catharines to plan re-organization of the directorate for next year and to appoint executive officers. E. F. Neff, Provincial Agricultural Representative, St. Catharines, is secretary of the association.

At the meeting, the constitution was amended to provide each township municipality shall be represented by at least one director and not more than four. Wainfleet township in Welland County and Ancaster, Barton, Glanford and Binbrook townships in Wentworth county were added to the townships requiring representatives.

In his brief report, President Culp asked the growers to store baskets in their barns and sheds so that the basket manufacturers can proceed with the manufacture of baskets during the winter season.

An interesting report dealing with fruit shipping tests conducted by the Horticultural Experimental Station at Vineland was given by Dr. W. H. Upshall. The test covered refrigeration, bruising of fruit, experiments in picking fruit before it was fully ripened for shipping, and other factors relative to determining shipping factors.

Described by J. R. Stork "as one of the most serious things the fruit growers have to contend with," the question of brown rot was briefly discussed and Mr. Stork recommended that George Marr, Grimsby, give a report to the convention to be held in January. Mr. Marr who has just returned after an inspection trip through southern United States said brown rot had been controlled there through proper orchard sanitation and spraying.

THERE'S NO CEILING

That's why we're happy to wish all of our friends the biggest and best and merriest Christmas of all time.

At the re-organization meeting of the St. Catharines-Lincoln Advisory Board of the Canadian National Institute for the Blind, held in St. Catharines on Thursday night last, Mrs. W. H. Grace of Grimsby was appointed vice-chairman for the Grimsby district. Mrs. Victor Cotton was elected to the Board and E. Eugene Fodig was appointed honorary treasurer for West Lincoln.

A. & P. EMPLOYEES TO GET ADDED COMPENSATION

Toronto, Dec. 15th — Additional compensation totaling approximately \$1,250,000 will be distributed to employees of the Great Atlantic and Pacific Tea Company before Christmas, it was announced this week by John A. Hartford, president.

All A. & P. employees throughout Canada and the United States with six months or more service will participate in the cash distribution.

The company's employees were voted similar compensation last year.

## St. John's W. A.

The December meeting of St. John's Presbyterian Women's Missionary Society was held at the home of Mrs. Wm. Sangster on Thursday, Dec. 9th, with the President, Mrs. Stevenson in the chair. Splendid reports were given by the secretaries of the various branches. Much work was accomplished during the year. Gratification in attaining their allocation (owing to the extra giving to the various war and patriotic funds) was expressed. Appreciation of the successful efforts of the retiring officers during a rather difficult year, was shown. Mrs. W. H. Morris presided for the election of officers for 1944.

The officers for the ensuing year are as follows: Hon. Pres., Mrs. Taylor-Munro; President, Mrs. Morris; 1st Vice President, Mrs. Dick; 2nd Vice President, Mrs. Little; Treasurer, Mrs. Dunham; Recording and Correspondence Secretary, Mrs. Burke; Supply Secretary, Mrs. Tait; Glad Tidings Secretary, Mrs. Reiss; Home Helpers Secretary, Mrs. McKenzie and Mrs. Munro; Welcome and Welfare Secretary, Mrs. Sangster and Mrs. Reiss; Press Secretary, Mrs. Little; Pianist, Mrs. Dick; Mission Band President, to be appointed; Cradle Roll Supt., Mrs. Stevenson.

## Coming Events

Grimsby Chapter No. 195, O.E.S., is holding a Christmas party in the Chapter Rooms on Tuesday evening, Dec. 21st, at 8 o'clock, for its members and their families.

## Eastern Star

Grimsby Chapter No. 195 O.E.S., held its regular meeting in the Masonic Hall on Tuesday, December 7th, with the Worthy Matron, Sister Marjorie Hitchman, and Brother Lawrence Hysert, Worthy Patron, presiding. Plans for the year were discussed and the convener of the entertainment committee, Sister Muriel Anderson, announced some novel ideas for the members to consider. The Chapter was honored by a visit from the Worthy Grand Patron of the Grand Chapter, Brother William Lambert, and guests were present from Hamilton and Smithville. After the meeting, a very enjoyable Bridge and Euchre party was held, with eight tables in play. The winner in Bridge was Mrs. Bertha Lomas P.D.D.G.M. of Hamilton, and Mrs. Clarence McNinch was the winner in Euchre. A dainty lunch was served by Sister Olive Hysert and her committee.

There's always plenty of park space on Easy Street.

## LITERARY MEETING

The December Literary Meeting of Lincoln Loyalist Chapter, I.O.D.E. was held in the Chapter Rooms on Monday, December 13th. This was a Christmas programme and Carol were sung. Miss Miriam Cline, Convener of the Literary Committee, presided. Miss Cline read an article on Christmas Carols from Good Housekeeping. Mrs. Chas. Walker gave an article written by Miss Cline, on Charles Dickens Christmas Carol. This Carol was written just 100 years ago. Mrs. Leckie read three Christmas poems, "Christmas Eve" by Thomas Hardy, "Crystal Mantel Shelf," and "Tim's Christmas Dream." Mrs. (Dr.) G. F. Mitchell gave a talk on Christmas Carols which she made very interesting, telling of their origin, how they came down from the pagan days to the Christian Church. Diane Sawyer sang two songs,

"Angels Ever Bright and Fair" and "Christmas Carol". She also gave a piano solo. Isobel Stevenson sang "Oh Little Town of Bethlehem." Miss Winifred Congdon was the accompanist. Tea was served by the Committee.

## Grimsby Branch Of Bible Society

With a circulation through its war channels in Canada and Newfoundland exceeding 600,000 copies of Scripture for all on active service, among prisoners of war and interned aliens, among the refugees and the destitute, the Bible Society reports unprecedented opportunities both here and throughout the world for the circulation of Holy Scripture.

Bombed three times, the Bible House in London is still the centre of its world-wide work, and translations in new languages are being added regularly. The Society appeals to all who

believe that civilization must be based on Christian principles to rally to its support that the Book may go out in ever increasing volume.

The officers of Grimsby Branch of the Bible Society are: Mr. J. O. Moore, president, and Mrs. Mrs. Claude Boden, secretary-treasurer. Representatives from the churches are: Anglican, Mr. G. G. Bourne, Miss C. Freshwater; Baptist, Miss E. Cline, Miss G. Ormiston; Presbyterian, Mr. W. Sangster, Mr. D. Thomson; United, Mrs. Jas. Theal, Mrs. A. Caton.

The Society wish to extend their thanks to West Lincoln Branch, Canadian Legion, for their generous donation of \$5.00.

## Obituary

### MRS. CATHARINE COLE

Monday night Catharine Cole, wife of Albert J. Cole, died at her home in North Grimsby, where she had spent her entire life. She was 79 years of age and the daughter of the late Mr. and Mrs. Patrick Henry. She was a member of St. Joseph's Roman Catholic Church, Grimsby. Surviving, besides her husband, are a brother, Edgar Henry, and a sister, Mrs. William White, both of Chicago.

### MRS. JOHN G. TUFFORD

Mrs. John G. Tufford died Saturday morning, at her home in Vineland in her 101st year. A lifelong resident of Clinton township, she was born near Tipton, February 19, 1843.

She was a life member of the Baptist Women's Home Missionary Society and Upper Canada Bible Society.

Surviving are three sons, William, Clinton township; Frank, of Fenwick; Norman, is the U.S.A.; two daughters, Mrs. Roland J. Moyer, Grimsby Beach, and Miss Delpha Tufford, of Vineland, and a host of grand and great-grandchildren.

Before losing her sight it was her privilege to view seven generations of her family. She had been an invalid for over 25 years and a widow for 16 years.

Dr. W. S. Hibbard, 79, veterinary surgeon at Smithville for the past 59 years, died at his home Thursday morning after a brief illness. Dr. Hibbard was born in Mount Hope, and since coming to Smithville had been active in community affairs, especially in temperance work. Funeral services were held at 2:30 o'clock Saturday afternoon. Surviving are his widow, the former Clara Honsberger; a son, W. Harold of Smithville; a daughter, Mrs. H. W. MacCoombes, of Welland, and a grandson, Craig, Smithville.

## Little Shoemaker Is Grand Champ

Strike up the band. Let the champagne corks pop. Give the Little Shoemaker another drink. He's Grand Champion Bowler of The Fruit Belt, red ribbon and all. Up until last Tuesday night Percy Shelton was monarch of the Bowlaway alleys with a high three game score of 806. Then along came his brother, Honey and in a three game pin topping spree chalked up the lovely score of 874. His games were 321-270-283-874. Nice bowling. He'll never do it again in a decade.

But, that Gas House Gang were on the rampage that night anyway. Doug Hartnett rolled 601, Stan Girling tallied 659, while on the other hand Poor Percy Shelton who has lugged the team through to many a victory all season, dropped down to a total of 325 for two games, and then went home.

Vic. Catton's Niagara Packer's team were the opposition. What a blissful evening they had.

## Girl Guides

### GIRL GUIDES AND BROWNIES

A joint meeting of the two Guide Companies and the Brownie Pack on December 7th, marked a special occasion: the promotion of ten Brownies to the new Guide Company. Two of the Brownies flew up under the power of their own "wings" — the prized tokens of First Class achievement. The 50th (I.O.D.E.) Company and their officers were present to show their goodwill, and the whole Brownie Pack turned out to give the send-off to their departing Sisters. Many parents and friends encouraged the young people by their presence.

The program was well planned — no mean task when it involved three large groups of children and three teams of officers. As soon as the new Guide Company had formed its horseshoe, the Brownies came scampering in behind their Brown Owl, Mrs. Thos. Gammege. They made their fairy ring around their toadstool, and had their usual Pack ceremony. Then two Guides advanced to stop the gap of the horseshoe with a gigantic Guide Trefoll, the gift ingeniously executed for the occasion by the Captain of the 50th Company, Miss M. Cullingford.

The two First Class Brownies, Barbara Mason and Marie Shafer, were invested with their wings by the Division Commissioner, and the moment of parting came. By virtue of their wings, the two Brownies broke through the Golden Trefoll, and made their own way to the Captain who welcomed them. Then the Pack made an archway of joined hands, through which the eight other Brownies ran, to be challenged by Company Leader Beverly Burgess. She escorted them to the Captain, who then assigned each to her patrol.

These eight new Guides are Sandra Sims, Donna Rahn, Donna Marsh, Cairine Shantz, Albina Klowak, Mary Hewitt, Grace Cameron, Bernice Simpson. The 100 complete company sat cross legged in their circle while the Division Commissioner spoke specially to the recruits emphasizing the opportunity which is theirs of being pioneers in a new company. Games and songs followed in which the 50th (I.O.D.E.) Company and the Brownie Pack took part.

At the Camp Fire, the District Commissioner, Miss N. Creet, addressed the two companies urging on them the choice of the right kind of proficiency badges which she described as doors opening into new worlds of wonder.

The Brownie "Good Night" and

the Guide "Taps" brought to a close a ceremony which will live in the memory of those who took part in it, as one of friendly co-operation and mutual help. All the officers of the Division of West Lincoln were present, to wish God-speed to the new Captain, Miss M. Scott, in the office which she has now so happily inaugurated. The Company will be registered and the Captain warranted, as soon as the prescribed three months period of probation has been satisfactorily completed.

## W.C.T.U.

The Grimsby Woman's Christian Temperance Union met December 8th, at the home of the President. Devotion was led by Mrs. S. Murphy and Mrs. Watt. Encouraging reports were read. Provincial undertaking this year is first. Each Union of which there are over 160, to pack one or more Ditty Bags. Grimsby packed two, valued at about \$14.00.

The Petawawa Camp (Fellowship Lodge) project is now complete, including as a final gift, a radio. The Mobile Canteen, cost \$2,250.00, is now operating in Newfoundland. A balance from this fund, \$130.57, is to be used for Ditty Bags.

The study subject, led by Mrs. Aikens, was "What Shall We Drink?" and "Why do we have to drink?" The body needs 70% of its weight in water to carry on the work of its marvellous mechanism. Water is both powerful and bulky — one gram of H<sub>2</sub>O contains enough potential energy to raise 1,000,000 tons 6 miles high, and there are 453 grams in a pound.

"A single transport plane can carry sufficient dehydrated vegetables to feed a battalion for a week." Nature provides an abundance of water in its free form. Where it is not, or is impure, Man's intelligence finds ways to purify and distribute it everywhere. All living animals and vegetables contain large percentages of water. The lowly turnip is almost full of distilled water. Drink this purest of water by eating quantities of Niagara fruit and vegetables in season, fresh.

Keeping a heaping bowl of fresh fruit on the dining table.

Let children cut their teeth on raw crisp celery, cabbage, lettuce and carrots. Taken in by eating the whole vegetable or fruit are necessary chemicals, vitamins and flavors. Juices, soft drinks, some good, some harmless, some otherwise, are mostly water. Learn to discriminate — when there is so much good, it is smart and wise to choose the best. It is stupid and silly to choose the worst. Often when there is a desire for food or drink, the need is oxygen. Take exercises in breathing in fresh air or a brisk walk. There will be an exhilarating experience of well-being which no food or tonic can supply.

## Trinity W.M.S.

The Woman's Missionary Society of Trinity United Church met at the home of Mrs. McAlonen, Thursday afternoon last. Mrs. Caton, the President, presided.

Mrs. Laura Wells gave a most interesting talk on that part of the study book, "For All Of Life," which deals with Health Knowledge. Her talk was illustrated with an excellent poster, and her stories of the Missionaries' experiences in hospitals, and clinics of various kinds, such as maternity, clinics, dental clinics, ambulance clinics, etc., told of the breaking down of the prejudices of the natives and winning their confidence, and how better health was being promoted in India, China, Africa and other countries.

Mrs. Watt presided for the election of officers, who are as follows:

President, Mrs. Burgess; 1st Vice President, Mrs. Wells; 2nd Vice President, Mrs. Millar; 3rd Vice President, Mrs. Boden; Recording and Corresponding Secretary, Mrs. J. Theat; Treasurer, Mrs. B. Snyder; Secretary, Mrs. A. Marsh; Supply Secretary, Mrs. Caton; Secretary Finance and Stewardship, Mrs. Emm; Temperance Secretary, Mrs. Aikens; Missionary Monthly Secretary, Mrs. Murphy; Secretary of Community Friendship and Associate Helpers' Secretary, Mrs. Watt.

At the close of the meeting a dainty lunch was served by the hostess, Mrs. McAlonen.

Another difference between a rut and a foxhole is that you don't get into a rut on purpose.

It's a fine thing to be regarded as one of the cooler heads provided you haven't also got feet.

Do your shopping early, or there might not be anything left by Christmas.

#### WOULD STOP

The Township to be represented on  
County Council by a Deputy-  
Reeve.

Water consumption in the town-  
ship in November dropped consid-  
erably over previous months. East  
End System consumed 261,000 gal-  
lons, and West End System 112,  
000 gallons.

Bylaw 524 was passed appoint-  
ing officials for the conducting of  
an election, also polling places, if  
an election is necessary.

Eleven months' road report of  
Thomas Mackie, Superintendent,  
showed total expenditure on roads,  
bridges, ditches and culverts to be  
\$6,559.43. Township receives sub-  
sidy from the Ontario Government  
on this amount, less \$186.05.

Supt. Mackie reported that by  
Thursday night all snow fence  
would be erected ready for the  
beneficial to start falling.

Relief accounts for November  
only totalled \$4.00, the smallest

amount the township has paid in  
15 years.

Tenant Officer reported a total  
of 316 pupils in the public Schools  
of the township, which is an in-  
crease of 100 in the past two years.

Joint Fire Committee accounts  
amounting to \$281.12, were order-  
ed paid.

Salvage collection accounts for  
\$66.00 were paid.

A grant of \$50 was made to the  
I.O.O.F. War Services.

Tax Collector J. G. McIntosh re-  
ported tax arrears at the end of  
November being \$9,123.60, as  
against \$13,231.06, the same time  
last year.

Township's share of Fifth Divi-  
sion Court fees amounting to \$26.00  
were ordered paid.

#### GRIMSBY HYDRO

change was being made in the  
local detachment of the Provincial  
Police, and he regretted very  
much that Constable Reilly was  
being transferred to Smithville.  
Also, that Provincial Officials were  
desirous of renting the room on the  
landing of the municipal building.  
Constable Bowen, of Beamsville,  
has already moved to Grimsby,  
from Beamsville.

Council agreed to rent the room  
in question for the sum of \$10 per  
month.

Building Inspector Jack New-  
ton reported that building permits  
for the year to date totalled \$62,  
000.

A. J. Chivers, as Chairman of  
the Board of Health, was voted  
\$25.00 honorarium.

Mayor Johnson expressed the  
opinion that there were more dogs  
in Grimsby in 1943 than there were  
in 1942, yet there had been \$57.60  
less dog taxes collected this year  
than last. Councillor Bourne Chair-  
man of the Police Committee  
could give no explanation.

November report of Chief of  
Police W. W. Turner showed:  
court case, assault charge, fined  
\$9.00; one case assaulting a police  
officer, \$35 fine; complaints in-  
vestigated 30; for Humane Officer,  
five dogs, 11 cats; one stolen car  
recovered; dog tax collected \$4.50.

A lot on Main Street west, was  
sold to Mrs. Lena Slade for the  
sum of \$200.

A bylaw was passed authorizing  
the sale of nine acres on Murray  
Street to Matilda Dokkan, for  
\$600.

Sale of a lot on Nelles Boulevard  
to Malcolm S. Nelles, at \$400, was  
ratified, providing a residence to  
the cost of \$3,500 be built within  
one year, when rebate of \$350 will  
be refunded.

Tax Collector A. Hummel re-  
ported that \$54,883.36 of arrears  
of taxes, current taxes, penalties  
and advance 1944 taxes, had been  
paid up to November 30th.

When questioned by Mayor John-  
son, Mr. Hummel stated that he  
believed 95 per cent of 1943 taxes  
would be paid by the end of the  
year.

Council made a grant of \$75. to  
the I.O.O.F. War Services work.

Relief accounts amounting to  
\$64.85, for November were passed.

A bylaw was introduced to set  
the remuneration of the Water  
Commissioners, at \$5 per meeting  
for the Chairman and \$3 per meet-  
ing for the other commissioners.  
13 meetings to be the limit. On  
vote, the motion to — the bylaw  
was lost.

A bylaw was introduced to set  
the remuneration of the Hydro  
Commissioners. The motion, on  
vote, was lost.

Joint Fire Committee accounts  
for \$534.10 were passed.

A grant of \$50 was made to  
Mayor Johnson, on a motion by  
Councillors Aiton and Anderson.

A bylaw appointing polling  
places, and officials, for election if  
one is necessary, was passed.

Mr. Hummel was appointed  
Relief Officer for the coming year,  
at a salary of \$137.50.

Accounts on General Voucher list  
for \$122.16 were ordered passed.

## Clerk's Notice Of First Posting Of Voters' List

(Voters' Lists Act, section 11,  
Form 4)

VOTERS' LISTS, 1944  
MUNICIPALITY OF TOWN  
OF GRIMSBY  
COUNTY OF LINCOLN

Notice is hereby given that I  
have complied with Section 8 of  
the Voters' Lists Act and that I  
have posted up at my office at  
Town Hall, Grimsby, on the Fourth  
day of December, 1943, the list of  
all persons entitled to vote in the  
said Municipality at Municipal  
elections, and that such list re-  
mains there for inspection.

And I hereby call upon all voters  
to take immediate proceedings to  
have any errors or omissions cor-  
rected according to law, the last  
day for appeal being the Twenty-  
seventh day of December, 1943.

Dated this Sixth day of Decem-  
ber, 1943.

G. G. BOURNE,  
Clerk of Town of Grimsby.

## Grimsby Red Cross

Miss Ann Crane, Convener of the  
Red Cross Concert "Lifebuoy Fol-  
lies," reports that well over \$100.00  
will be cleared. A fuller report  
will follow after the Red Cross  
meeting on December 28th, when  
all details will be turned in.

The committee wishes to express  
its thanks to the public for the  
wonderful turn-out. All available  
space was filled for the Concert,  
and "A good time was enjoyed by  
all."

### Re-Make Wrinkles

"Your home is an important part of the fighting war machine. You are the colonel-in-chief of your division of the fighting force. Your orders of the day, and every day, are to conserve, to take care of what you have — to mend, make-over and make-do.

"You are the thrifty housewives who recognize the warmth and comfort still to be found in the outmoded and outgrown clothes lying dormant in your cupboards, who snip and stitch and seam to create sturdy snow suits from old summer coats... who re-cut a sweater into a warm and woolly cardigan... who re-vamp a plaid skirt as a gay school jumper."

This is the opening paragraph on the title page of the 30-page clothing conservation booklet called "Re-Make Wrinkles" just off the press. It bristles with new kinks in re-makes. Ideas that will positively blow the lid off the old wicker sewing basket. It is a sequel to the Re-Make booklet distributed to women at the Re-Make Revue directed by Kate Aitken in the Spring.

In this little book, "Re-Make Wrinkles," there are ideas about everything from putting your husband's shrunken flannel trousers back into circulation to whipping undies for baby from Grandma's worn-out vest.

Suggestions on how to re-muster new life into worn, discarded clothes by re-cutting them bob up on every page of "Re-Make Wrinkles."

### Simple Rules To Prevent Colds

In order to try and prevent the spread of colds and influenza, the following general rules should be of benefit:

- 1.—If you have any headache, stuffiness in the nose, or cough, go home.
- 2.—Take a hot bath and a hot drink and get into bed at once.
- 3.—Call your family physician, and take his advice.
- 4.—Have all dishes you use sterilized by boiling water.
- 5.—Put discharges from nose and mouth into paper handkerchiefs. Put these in paper bag which can be burnt.
- 6.—Take plenty of fluids, especially fruit juices and water.
- 7.—Keep all visitors out of your room.
- 8.—Stay in bed for at least twenty-four hours after the temperature is normal.
- 9.—Do not get up if there is any cough or weakness.
- 10.—Attendant should wear a gauze mask and wash hands carefully when leaving sick room.

We can prevent influenza from spreading but it means the isolation of every case for a few days as soon as the person commences to take ill.

Many of us have borrowed on the future than more borrowed in the past. We have invested.

## WHERE DOES YOUR FAMILY FIT IN?

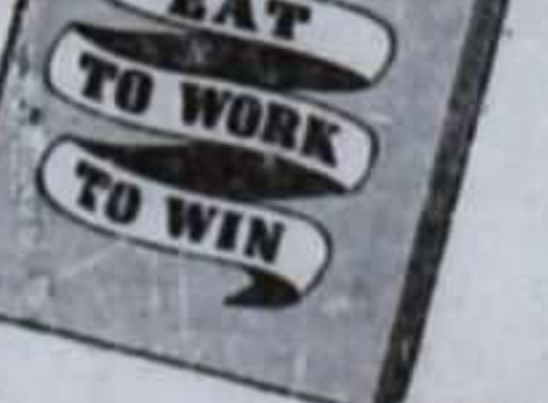

Government surveys conducted early in the war show that only 40 per cent of Canadians regularly eat the right foods, even though seemingly well fed. Forty per cent are on the borderline of malnutrition. Twenty per cent are definitely undernourished.

That's why you need a sure plan for healthful family meals. That's why we offer you "Eat-to-Work-to-Win"... authoritative FREE booklet, that takes the guesswork out of nutrition.

At this season of the year when our thoughts are about the Creator of this Earth, we naturally think about the Men and Women, who since Time began, have fought to keep what that Creator gave us.

We of the First Great War, fought for that Liberty and Freedom that it gave the world.

Now, our Sons and Daughters are fighting for the same cause. We of the First Conflict must help them as well as taking care of our Comrades, the wives and children of Comrades who have "Gone West".

We have been very successful in this work, thanks to the generosity of the people of the whole district from Vineland to Winona, and south to the Haldimand line. It was your money that made it possible for the Legion to do the work that it has been able to do.

### Greetings From Boys Over There

Christmas Cards Coming Through — Boys Are Not Stuck On Italy—Will Have Higher Regard For Things Canadian.

The boys overseas whether in England or the Mediterranean area are not too busy with war but what they can steal a little time to send "Cammy" Millyard a Christmas card. Yuletide greetings are contained in this last packet of letters from the fighting forces, giving thanks for their last shipment of cigarettes.

Another prisoner of war in Germany has received his allotment. Pte. Lyle Lucy, one of the twin sons of Mrs. Vera Lucy, taken at Dieppe, sends that meagre information to "Cammy."

Pte. W. E. Farrow (no relation to paint and paper Farrow Bros.) writes: "Thanks to you for favours during the past year. May you all enjoy a Happy Christmas and a Bright, Prosperous New Year."

I received this carton of cigarettes quite some time ago, but been moving around, so have neglected to write. Nevertheless, my thanks are just as sincere.

It was just exactly 2 years ago today that I left Grimsby. Hope 2 more years do not pass before I'm back. Best regards and thanks to all your members.

Gratefully yours,

John McCallum.

Thanks a million for the cigarettes as they are a premium here in Italy. I hope all is well in home town and will see you all soon.

Harold Slade.

Thank you for the cigarettes I received to-day. Very glad to get a good smoke, hope that I will be home soon. This is an awful country to be in. I wish you all a Merry Christmas and a Happy New Year, and again I want to thank from the bottom of my heart.

R. H. Forsyth.

Many thanks once more for cigarettes just received. Especially so are they appreciated here, as at times we find ourselves very short. The campaign here in Italy is progressing very well and I hope by the time you receive this card, the news will be very good indeed. I personally miss the hot weather we had in Sicily, but climate cannot always be to an individual liking. Let's hope we will soon be home.

Sincerely,

Ken Lambert.

Please thank the members of your now famous Cigarette Fund, on my behalf. Here in Italy we encounter lots of things that are new to us. But so far we have not run across new cigarettes that can replace our own Canadian brands. In fact I believe we will all have a much higher regard for every thing Canadian on our return. Best wishes.

Eric Banks.

Another carton of three hundred cigarettes arrived to-day, mailed July 14. I didn't realize how much these cigarettes mean to the boys or I would have contributed more to the cigarette fund while still in Canada. Thank you very much for sending them.

Sincerely,

Cpl. R. E. McIntyre.

Received cigarettes. Thanks ever so much.

Yours sincerely,

Laurence Anderson.

I don't know whether it's intuition or not but every time that I get smokes from you I am entirely out. I can't tell you how much they are appreciated. Let the word Thanks tell you, really suffice.

Yours,

Edr. C. R. Fisher.

### Geniuses Needed

In spite of the emphasis being put on bodily fitness for military service, it is not the thing Canada needs most. To develop military and naval geniuses is more important for the national security. There is no formula for this, but physical fitness is not necessarily the key. Many of the world's greatest military figures would have been rejected by the draft boards for these reasons:

George Washington, false teeth; Bismark, overweight; Napoleon, ulcers of the stomach; U. S. Grant, alcoholism; Julius Caesar, epilepsy; Horatio Nelson, one eye, one arm; Kaiser Wilhelm, withered arm; Duke of Wellington, underweight.

Be it ever so humble, there is no mortgage like the one on the home.
